In Conjunction with

The 6th
WaterL_{ess} Asia 2018

Conference | Workshop | Exhibition

This is at very first time that a specialized NRW conference and exhibition is being held in Taiwan which introduces efficient NRW reduction through holistic approach and successful implementation.

See How Water's Getting Smart!

According to Water & Waste Water International, Taiwan is earmarking a multi-billion dollar budget to start reclaiming wastewater on a large scale, set to provide 10% of its supply by 2030. Meet the leading trends with Smart Innovation for the water sector in Taiwan. Aqua Taiwan's the place to connect smart companies doing brilliant things with water. See the latest tech launches by the makers, innovators and suppliers. Source solutions and meet partners (at unique match-making sessions) to spur business from both home and abroad.

Taiwan suppliers set to dazzle buyers all around

AQUA TAIWAN returns to Kaohsiung from Aug. 29th to 31st, 2018.

With the success of the 2017 water show, it turns on the best professional water show in Asia! To make it happen, TAITRA is joining the complete water industry supply chain to display with their best products, tech and equipment from up, mid and downstream suppliers. This comprehensive professional display and trade platform comes with seminars and procurement meetings that unfold a one stop, all-inclusive platform for buyers from home and abroad.

Aqua Taiwan 2018 is set to make big ripples for your best in business!

6 big reasons to visit

- ✓ **Industry clusters:** Exit the show and check out nearby factories via special tours and matchmaking moments.
- ✓ **Buyer pool:** Reps from state & business use this site to source products.
- ✓ **Unique** annual government procurement meetings that join suppliers to the industry.
- ✓ **1-on-1 procurement meetings:** Suppliers-buyer talks for win-win results.
- ✓ **Professional forum and seminars:** Forum and seminars link industry, R&D and academia.
- ✓ **Hot Product Launches:** See benchmark suppliers kick off their latest tech!
