Taipei Intelligent Machinery &
Manufacturing Technology Show

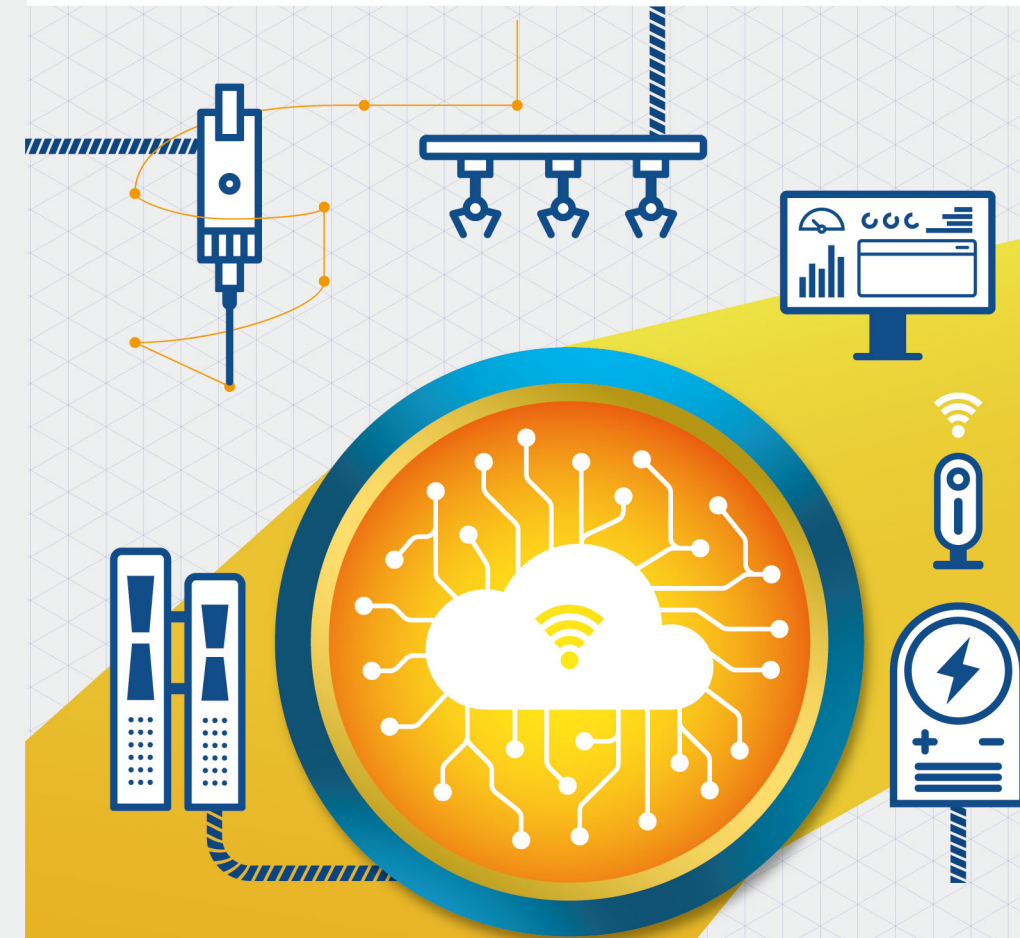

INVITATION

Taiwan External Trade Development Council (TAITRA)
5 Hsin-yi Rd., Sec. 5, Taipei 11011, TAIWAN
Tel: 886-2-2725-5200 Fax: 886-2-2725-1959

Taipei Intelligent Machinery &
Manufacturing Technology Show

2018 MAY 9~12

Taipei Nangang Exhibition Center, Hall 1

Show Update

EXHIBIT PROFILE

- Smart Machinery; Machine Components & Accessories
- 3D printing & Additive Manufacturing (AM)
- Industrial Robot
- Industrial Automation
- Internet of Things, IoT; Cyber-Physical System, CPS; ERP
- CAD/CAM/CAE; Soft/Hard Ware; Inspection & Measurement and Quality Assurance; MES

Dates & Hours

May 9 - 12, 2018
9am - 5pm

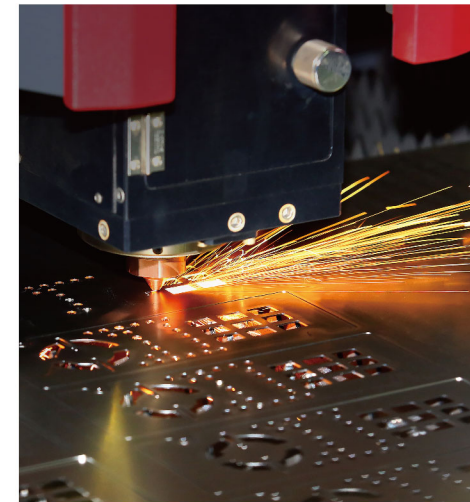

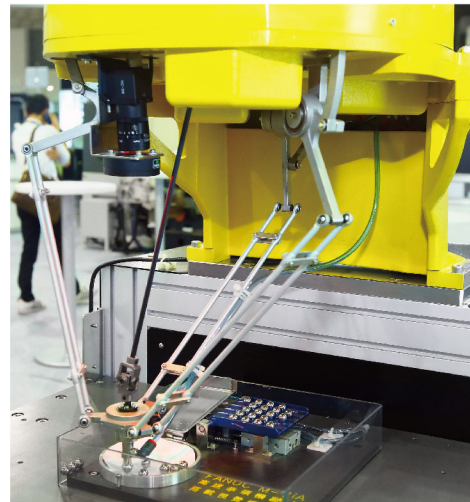

Venue

Taipei Nangang Exhibition Center, Hall 1, Ground Floor
(No.1, Jingmao 2nd Rd., Nangang District, Taipei 11568, Taiwan)

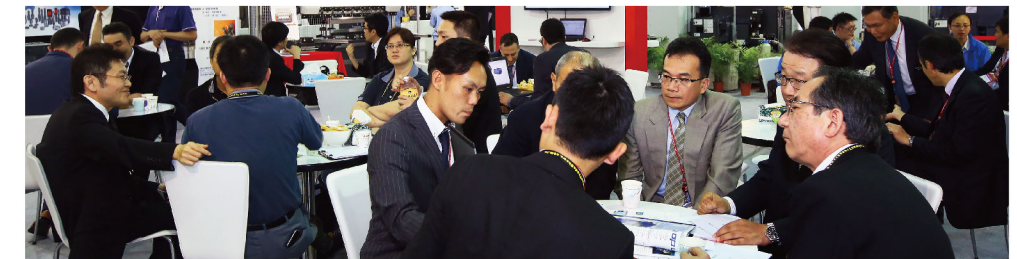

Taiwanese Manufacturing Industry's Revitalization and Upgrade

Industry 4.0 and smart manufacturing are today's trends in the global manufacturing industry. Taiwan's edge in the ICT industry and government's "Smart Machinery Industry Promotional Programs", which serve to develop smart machine industrial systems, make Taiwan a key base for R&D and the manufacturing of global smart machinery, as well as an overall solution provider for different industrial applications.

iMTduo 2018 OFFERS SMART SOLUTIONS

- Remote monitoring, abnormality monitoring, preventive maintenance forecast and other smart technology;
- Additive manufacturing, 3D scanning and measurement and 3D design software;
- Smart sensors, industrial robots and critical robot parts;
- Automated processing machinery, fully automated product lines and total solutions;
- High-precision measuring instruments and technology;
- Industrial IoT and smart manufacturing platform.

CONCURRENT EVENTS

iMTduo Summit **NEW**

This forum is focused on "Industry 4.0", "Smart Factory", "Additive Manufacturing" and "Industrial Robots". These four topics assist manufacturers in creating trends and connecting to the world.

1-on-1 Procurement Meetings

Tailored matchmaking for potential business opportunities.

Industrial Technology Seminar

Exchange technology trends and be in the know.

New Product Launches

Get first-hand information on next-generation products.

Seize Business Opportunities in the Era of Industry 4.0 & Smart Technology

The combination of data acquisition system, sensor, cloud computing technology and digitalization contributes to the core values of smart manufacturing that meet the needs for lean manufacturing and high-variety and low-volume production. With the theme of smart manufacturing, iMTduo will showcase advanced machines and innovative technology, which boost the Taiwanese industry and enhance its international competence, making it an excellent procurement platform in Asia-Pacific to upgrade to industry 4.0.
