Taiwan, TOP 4 Woodworking Machinery Exporter in the world

According to the database from International Trade Centre (ITC), the export value of Taiwan woodworking machinery was accounted for US\$0.52 billion in 2016, making it the 4th largest exporter in the world alongside Germany, China, and Italy. Taiwan holds that place thanks to its agile industrial cluster making its woodworking machines high-quality and competitively priced.

There are around 300 woodworking machine manufactures in Taiwan. Over 80% of them are located in central of Taiwan, creating a synergy that consists of an entire value chain offering advantages such as flexibility, on-time response, after-service support and R&D innovation.

Wood Taiwan 2015

The show featured high-speed automation, integrated processing, intelligent manufacturing and other specialized woodworking machinery. It successfully attracted a total of **6,365** visitors to visit and purchase, including **930** foreign buyers from **55** countries.

Why you must visit Wood Taiwan in 2018!

Full Alignment of Woodworking Machinery

Wood Taiwan presents a full list of machinery and automated equipment for ease of operation, cutting stability, and easy assembly. Exhibits include sawing, moulding, planing, finger joining, edge bending, tenoning, sanding, polishing, buffing, dust collecting, surface finishing to portable machines and much more!

3 Highlights of the Show

✓ Top-notch Intelligent and Automated Machinery

Manufactured under CE and ISO certified conditions, Taiwanese woodworking machines and equipment are now being incorporated with ICT and automation technologies, such as CNC machines, automatic flaw detecting finger jointing lines and automated feeding systems.

✓ Whole Plant Turnkey Solution

For optimizing the use of resources and managing costs, woodworking equipment and machines from upstream to downstream of the wood processing supply chain activity are integrated in developing whole plant system that provides total solution to boost productivity and reduce cost.

✓ Flexible Manufacturing and Customization

As time-sensitive and small batch order are now on the rise, Taiwan woodworking machine manufacturers with decades of skills and experiences are able to deliver customized products tailored to customers' needs in a timely fashion.
