# TAIPEI PLAS 2020 Presents Three New Market Trends

## Industry 4.0, Smart Manufacturing and Circular Economy

The biennial Taipei International Plastics and Rubber Industry Show (TaipeiPLAS) will be held at Nangang Exhibition Center, Hall 1 (TaiNEX 1), September 9 - 13, 2020. The exhibition will focus on three themes: "Industry 4.0", "Smart Manufacturing" and "Circular Economy" plus new industrial applications integrating packaging and printing equipment, thus demonstrating the strength of the supply chain in Taiwan's plastic and rubber industry. Namely, TaipeiPLAS will be your priority choice to access to a full array of smart plastics & rubber processing machinery, equipment, plastics recycling equipment, cutting-edge materials and products.

### Exhibit Profile

- Plastic & Rubber Processing Machinery
- Auxiliary & Peripheral Equipment
- Molds & Dies, Mold & Die Related Equipment
- Raw Materials and Finished Products
- Automation and Industrial Robots
- 3D Printers
- Plastic & Rubber Recycling Equipment **NEW**
- Packaging and Printing Equipment **NEW**
- R&D and Innovations **NEW**
- Cross Strait Pavilion
- Associations & Media

### Activities

- ▶ 1-on-1 Procurement Meetings
- ▶ Seminars and Workshops
- ▶ Welcome Party

## Highlights of TaipeiPLAS 2020

### Key Players on Board

Big names home and abroad have already committed to exhibit at the show, including Chumpower, Fong Kee, Hi-more, Hiwi, Kung Hsing, Multiplas, Plasco, PMI, Polystar, Victor Taichung, Arburg, BASF, Engel, Fanuc, JSW, Kiefel, Reifenhauer, WittmannBattenfeld and many more. The scale is expected to reach a new record.

### 3-in-1 Industry 4.0 Series Show

Taipei Intelligent Machinery & Manufacturing Technology Show (iMTduo) will join TaipeiPLAS and Taipei International Show Making Technology Show (Shoe Tech Taipei). This first-time ever machinery series show will jointly take up 3,300 booths and present smart manufacturing solutions and the application of which in the plastics, rubber and shoe making industry.

### Summit & Seminars

1. To assist industry players in mastering industry trends, a variety of peripheral activities such as a summit and technical seminars will be held to create the best platform for comprehensive display and sales promotion.
2. Four themes focusing on the development and trends will be covered:
  - Smart manufacturing and industry 4.0
  - Advanced injection molding technology
  - Circular economy
  - Advanced shoemaking and IIOT

### In Conjunction With

## Participants Spoke Highly of TaipeiPLAS

94.47% of visitors satisfied with the exhibition and 94.68% found new products at TaipeiPLAS 2018.

### What Our Participants Said

Taiwanese products have very good quality. If customer wants high quality and not so expensive machines, Taiwanese machines are a good option.

-Mr. Mendes, Brazil

We have 3 machines made in Taiwan in our factory, and we come to TaipeiPLAS to check on film extrusion suppliers at the show.

-Mr. Georgescu, Romania

Taiwanese companies always go fast, always lean in industry. There are creative and applications from Taiwan, and sometimes they are the first ones in the world.

-Mr. Huang, Taiwan

We have participated in TaipeiPLAS ever since its first edition, and we won't be absent in the years to come.

-Ms. Kuo, Taiwan

## Projected Scale for 3-in-1 Industry 4.0 Series Show

**800** Exhibitors

**3,300** Booths

**30,000** Visitors
