General Regulations for Taiwan Trade Shows Organized by Taiwan External Trade Development Council

Revised on April 30, 2020

1. These general regulations (“the Regulations”) are made by Taiwan External Trade Development Council (hereinafter referred to as the “Organizer”).
2. The Regulations shall cover the registration forms, exhibition manuals, and materials made for an exhibition (hereinafter referred to as the “Exhibition Materials”). The Regulations are applicable to exhibitors, joint exhibitors, and their branch companies (hereinafter referred to as the “Exhibitors”) of the exhibition.
3. After an Exhibitor completes the registration procedure, the Exhibitor is deemed to have fully read and understood the Exhibition Materials and the Regulations and agree to comply with the Regulations unconditionally. Furthermore, the Exhibitors authorize the Organizer to include the information provided by the Exhibitors in the printed and/or digital Official Directory.
4. Compliance with or violations of the Regulations regarding the Exhibitors’ behaviors during the exhibition period shall be determined, interpreted, and implemented by the Organizer. The Exhibitors shall have no objection.
5. The organizer prohibits the participation of competitive exhibitions or related exhibition organizers, including subsidiaries or agents of associated enterprises. Exhibitors who register under falsified documents or impersonate others will be ordered to stop displaying and fees confiscated once found.
6. The Organizer has the right to plan the exhibition area and the number of booths based on the types of the products exhibited, the actual registration results, and booth demand. The Organizer also has the right to determine whether to accept Exhibitors’ registrations, adjust the exhibition area and the number of booths based on the nature of the products exhibited and the Exhibitors’ past records in the Taiwan Trade Shows, or the domestic or foreign promotional activities organized by the Organizer.
7. In addition to the startup exhibition area, all booths are raw spaces without carpets and partitions. All Exhibitors must set up basic decorations, including carpets, partitions, and company name boards. Exhibitors may not display without basic decorations.
8. The Organizer shall send the Exhibition Materials and the Regulations to the Exhibitors approximately 90 days before the exhibition and publish them on the exhibition website (www.timtos.com.tw) for the Exhibitors to access and print the materials. The Exhibitors may not claim not to be bound by the Regulations for not receiving the Exhibition Materials, or are not familiar with the provisions and explanations of the Exhibition Materials, or for any other reasons whatsoever.
9. The Exhibitors shall not take exhibition items into the exhibition hall or remove exhibition items from the exhibition hall during the exhibition period, from 10 am to 6 pm daily, (or until 5 pm on the final day of the exhibition), except for small and light items that can be carried by a person. Additional exhibition items may be brought in from 9 am to 10 pm during the exhibition period.
10. Before entering and decorating the booth, the Exhibitors shall fill out and submit the Decoration Affidavit and other related application documents, as well as apply for water and electricity within the prescribed period. If the Exhibitors’ decorations or interests are affected as a result of a failure to complete these tasks, the Exhibitors shall bear sole responsibility.
11. If Exhibitors do not permit exhibition items for photography or video recording by visitors, the Exhibitors shall display “No Photography” or “No Video Recording” signs in both Chinese and English. However, the Exhibitors shall allow journalists and contracted photographers with the PRESS badge issued by the Organizer to take photos or videos for promotional purposes.
12. The Exhibitors shall pick up badges at the area designated by the Organizer when moving in exhibition items, and badges shall be worn (one badge per exhibitor) during the exhibition period.
13. Unless otherwise specified within the Regulations, entry of visitors under the age of 12 is not allowed for safety and quality concerns.
14. Personnel designated by the Organizer shall be responsible for entrance/exit control during the exhibition period (including the move-in and move-out). **However, the Exhibitors should take care of their exhibition items, decorations, and facilities, and purchase any necessary insurance and hire security guards for valuable exhibition items. If any items are lost or damaged, the Organizer shall not be held responsible.**
15. **The Exhibitors must obtain all relevant insurances, such as fire insurance, theft insurance, flood insurance, and public liability insurance (including additional insurance for natural disasters, such as typhoons, earthquakes, floods, heavy rains, or other natural disasters) from the periods when the exhibition items and decorations are transported to the exhibition hall, to the removal of the said items from the exhibition hall. The Organizer shall not be responsible for any losses or damage to the said items during the aforementioned period.**
16. **The Organizer may cancel the Exhibitors’ exhibition qualifications and eligibility or stop supplying water and electricity if the Exhibitors are found to be in any one of the following situations by the Organizer, and make no improvement after a request for improvement has been made by the Organizer. The Exhibitors shall be banned from participating in exhibitions organized by the Organizer for at least two years, and all previous exhibition records of the Exhibitors and their seniority shall be removed. If the Organizer is sued or deemed responsible for any loss or damages, the Exhibitors shall indemnify the Organizer for the expenses (including but not limited to the lawsuit and legal fees). The Exhibitors shall have no objection.**
